

Table 3-4. Total Water Processed in 2013

| <b>Month</b> | <b>Water Processed<br/>(million L [million gal])</b> | <b>Flow Rate<br/>(L/min [gpm])</b> |
|--------------|--|------------------------------------|
| January      | 242.9 (64.2)   | 5,542 (1,464)                      |
| February     | 203.5 (53.8)   | 5,088 (1,344)                      |
| March        | 232.1 (61.3)   | 5,303 (1,401)                      |
| April        | 268.7 (71.0)   | 6,405 (1,692)                      |
| May          | 313.9 (82.9)   | 7,064(1,866)                       |
| June         | 266.1 (70.3)   | 6,200 (1,638)                      |
| July         | 240.6 (63.6)   | 5,424 (1,433)                      |
| August       | 219.9 (58.1)   | 5,038 (1,331)                      |
| September    | 197.6 (52.2)   | 4,603 (1,216)                      |
| October      | 165.1 (43.6)   | 3,736 (987)                        |
| November     | 226.3 (59.8)   | 5,254 (1,388)                      |
| December     | 249.3 (65.9)   | 5,595 (1,478)                      |
| <b>Total</b> | <b>2,826 (746.5)</b>                                 | <b>5,438 (1,437)</b>               |

gpm = gallons per minute
